

SK600

SmartKiosk

The SK600 is an ADA compliant self-service kiosk solution that serves a variety of unattended use cases including ordering at restaurants, ticketing, hospitality self-service, and entertainment self-service. The integrated payment modules and peripherals support all forms of secure electronic payments certified to the highest standards. Powered by a high-performance processor and the *PAXBiz®*, the SK600 allows fast and intuitive payment, along with business application development and integration.
