

S920

Mobile Payment Terminal

The S920 is a compact mobile point of sale terminal packed with the latest PCI security and state-of-the-art technology. Featuring a high-definition touchscreen and a beautiful back-lit keypad, the pocket-sized S920 is the hospitality & restaurant industry's preferred choice, where portability, usability, and seamless customer interaction are key requirements. Merchants worldwide appreciate the S920's elegant design, superior battery life, and faster transaction times, powered by a high-tech processor, large memory capacity, and embedded contactless technology. The wide range of wireless connectivity options are complemented by a secure Linux-based operating system which facilitates customized development for a rich variety of value-added software applications.
