1. Introduction

Having your own PAXSTORE Marketplace will give clients more control over applications, users, reports, and enhanced features and functionalities.

This document provides the PAXSTORE North American Group release version 8.2 information for the AirLauncher feature.

1.1 Purpose

This document provides quick reference guide information on how to configure the AirLauncher feature.

1.2 Intended Audience

- Marketplace Owners
- PAX Help Desk

1.3 Acronyms and Terms

Acronym	Definition
PAXSTORE North American Group	Multiple Marketplaces and sub-Marketplaces can be managed, providing complete control over apps, devices, and data. It provides merchants with sales-oriented business solutions to exploit the potential of advanced interaction tools and no longer simple payment devices. Within this document will be referred to as PAXSTORE.

1.4 AirLauncher

A Marketplace Owner feature provides a new value-added service, “AirLauncher,” in the Service Center. AirLauncher is a highly configurable Android launcher that helps better manage PAX SmartPOS terminals in system settings, user authority, and user interface. It delivers a brand-new look to SmartPOS terminals and offers a simple, elegant, user-friendly experience.

A template is created with the various AirLauncher features, and then it is pushed to the device.

Customized Branding

- **Customized UI:** AirLauncher allows payment service providers or merchants to determine their own brand identity by easily configuring the user interface, changing wallpapers, etc.
- **Brand New User Interface:**
 - A radically improved visual experience for merchants & customers alike.
 - Every element of the interface is redefined & can be redesigned.
 - Large icons and cool fonts offer a customized look & feel.
 - A wide range of desktop widgets offers added functionality.

Sample Wallpaper

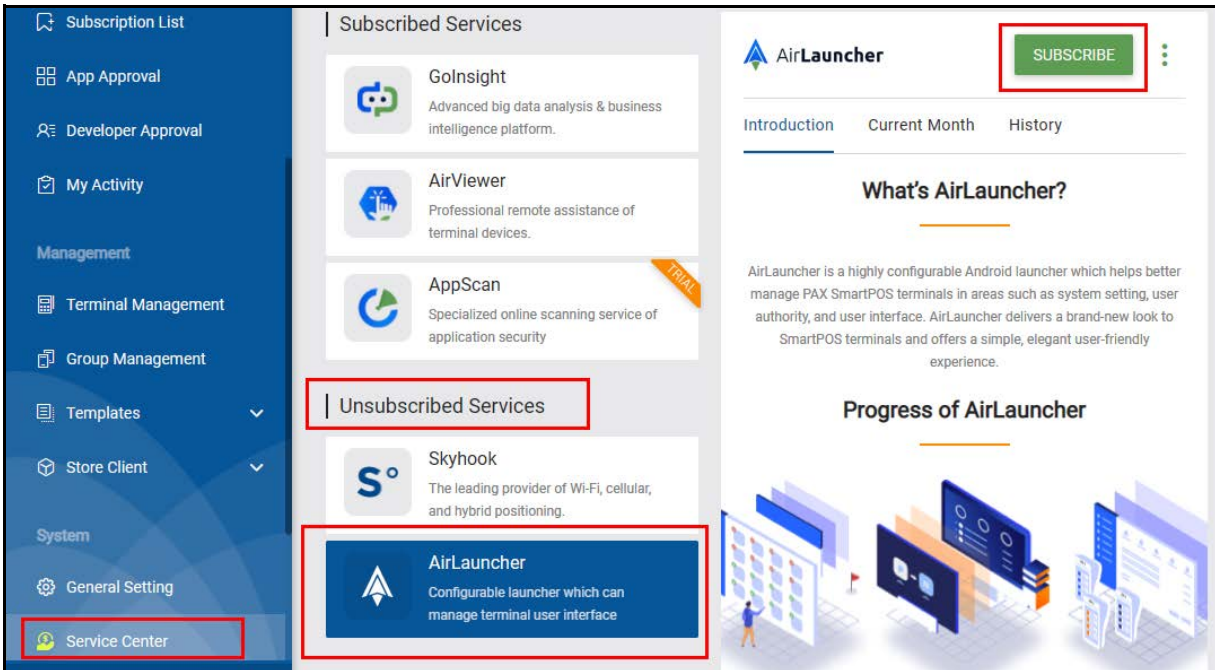

1.4.1 HOW TO SUBSCRIBE TO AIRLAUNCHER

The AirLauncher feature is a Marketplace Owner subscription-based feature. Only the Marketplace Owner can subscribe to this service.

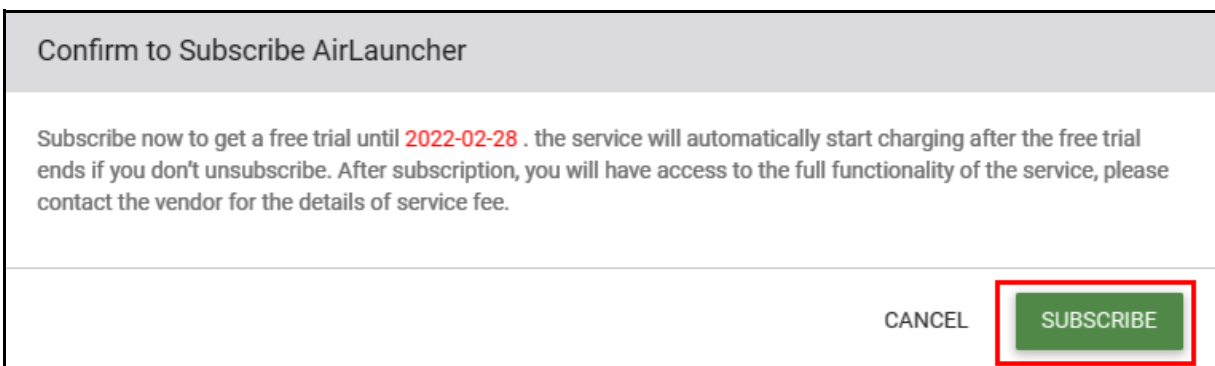

Note: Before the 8.2 release, the Marketplace Owner must contact PAX support or sales engineer to activate the subscription-based Skyhook service for the Marketplace.

Select: **[Service Center]** > Unsubscribed Services > **[AirLauncher]** > **[Subscribe]** >

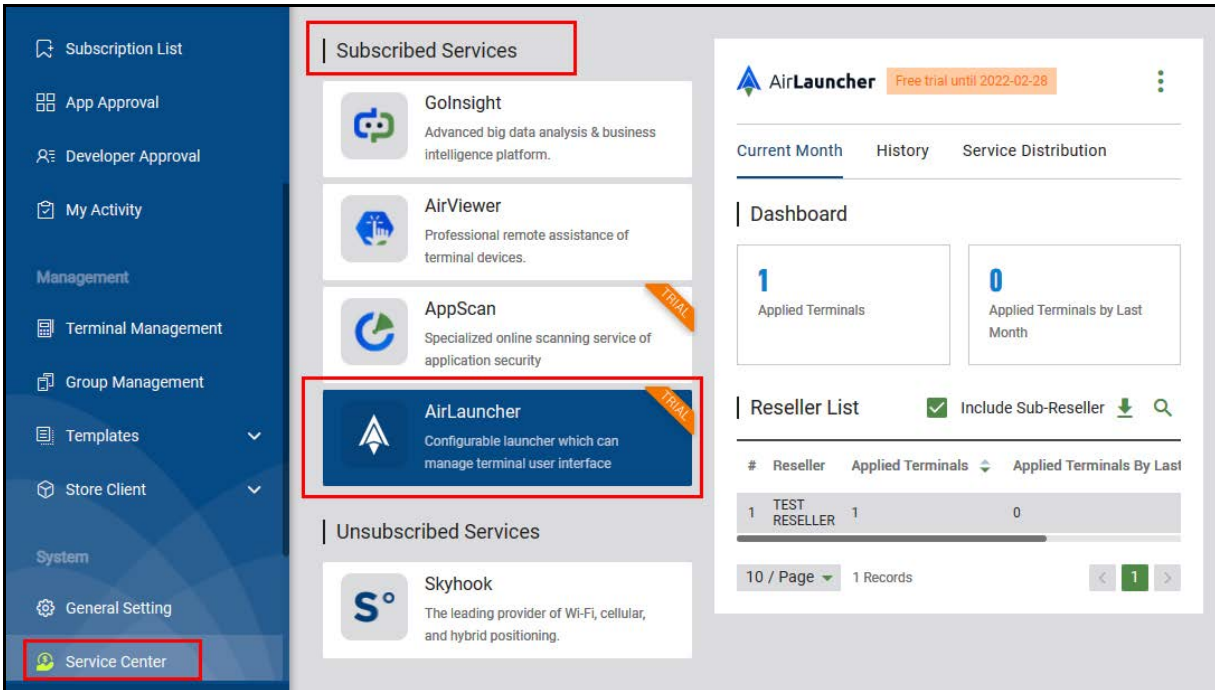

The screenshot displays the PAXSTORE interface. On the left is a navigation menu with 'Service Center' highlighted. The main content area is divided into 'Subscribed Services' and 'Unsubscribed Services'. Under 'Unsubscribed Services', the 'AirLauncher' card is highlighted with a red box. To the right, the 'AirLauncher' service page is shown, with a 'SUBSCRIBE' button highlighted in a red box. The page includes an introduction, a 'What's AirLauncher?' section, and a 'Progress of AirLauncher' section with an illustration of a person interacting with a terminal.

After selecting Subscribe, a pop-up window called Confirm to Subscribe AirLauncher will display. Select **[Subscribe]** to confirm.

The screenshot shows a pop-up window titled 'Confirm to Subscribe AirLauncher'. The text inside reads: 'Subscribe now to get a free trial until 2022-02-28 . the service will automatically start charging after the free trial ends if you don't unsubscribe. After subscription, you will have access to the full functionality of the service, please contact the vendor for the details of service fee.' At the bottom right, there are two buttons: 'CANCEL' and 'SUBSCRIBE', with the 'SUBSCRIBE' button highlighted in a red box.

After a successful subscription to AirLauncher, it will be displayed within the Service Center Subscribed Services section.

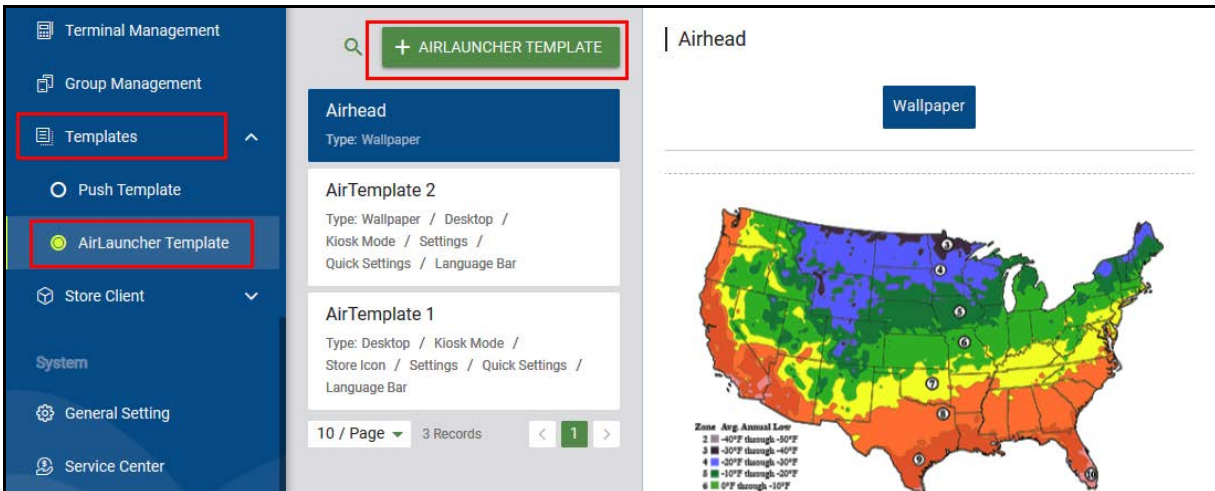

The screenshot displays the 'Service Center' interface. On the left is a navigation menu with items like 'Subscription List', 'App Approval', 'Developer Approval', 'My Activity', 'Management', 'Terminal Management', 'Group Management', 'Templates', 'Store Client', 'System', 'General Setting', and 'Service Center' (highlighted with a red box). The main content area is divided into 'Subscribed Services' and 'Unsubscribed Services'. Under 'Subscribed Services', 'AirLauncher' is listed with a 'TRIAL' badge and is highlighted with a red box. Other services include Golnsight, AirViewer, and AppScan. The 'AirLauncher' card shows a 'Free trial until 2022-02-28' and a 'Dashboard' with '1 Applied Terminals' and '0 Applied Terminals by Last Month'. Below the dashboard is a 'Reseller List' table with one entry: 'TEST RESELLER' with 1 Applied Terminal and 0 Applied Terminals by Last Month. The 'Service Center' menu item is also highlighted with a red box.

1.4.2 HOW TO CONFIGURE AN AIRLAUNCHER TEMPLATE

A template will need to be configured to configure and edit the AirLauncher features such as the screen wallpaper, desktop, settings and language. When the template is ready, it will be downloaded to the terminal. To setup, edit or configure the AirLauncher template access the Templates category section.

Select: **[Templates] > [AirLauncher Template] > [+ AIRLAUNCHER TEMPLATE]**.

After selecting + AIRLAUNCHER TEMPLATE, a pop window called AirLauncher Template will display. Enter a name for the template that best describes the template and then select **[OK]** to save.

AirLauncher Template

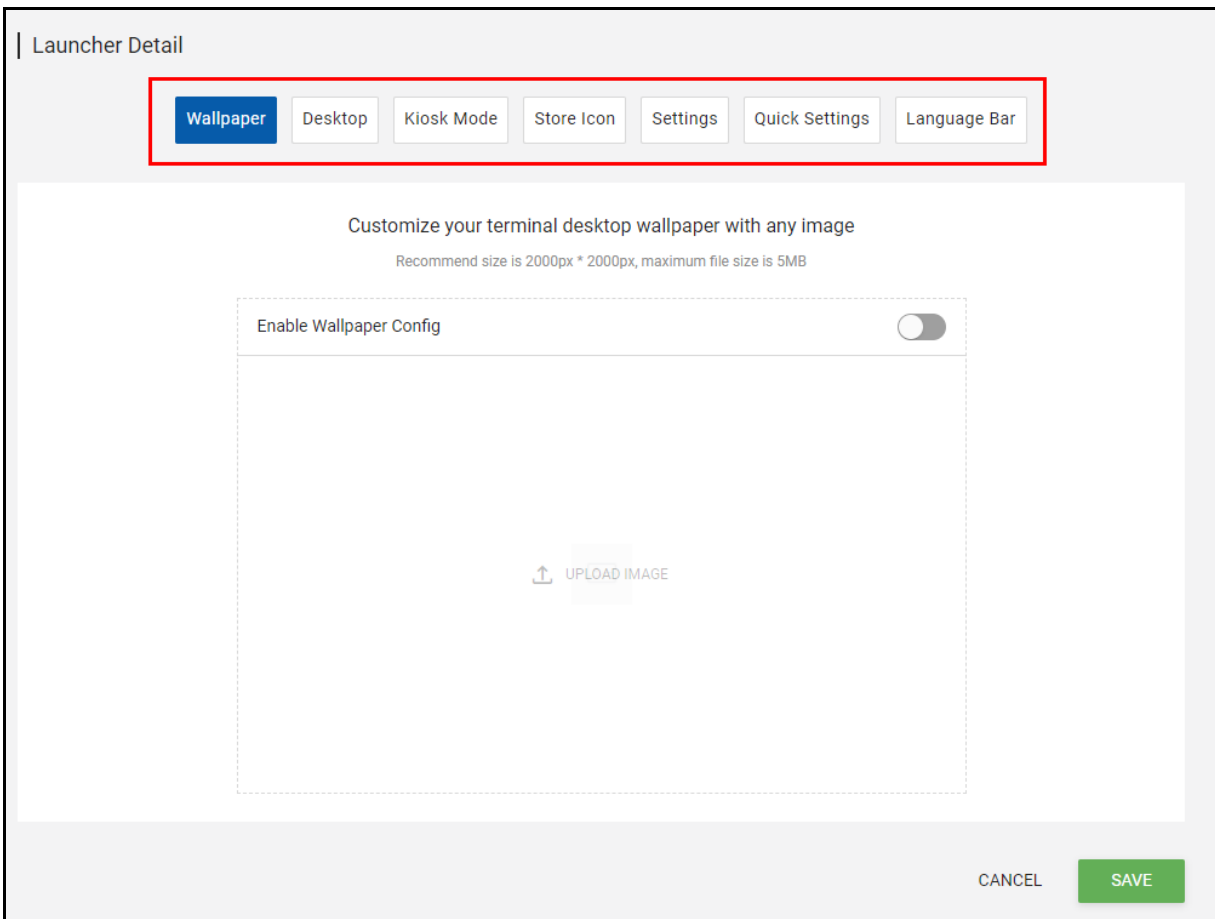

AirLauncher Template Name
Input the AirLauncher template name at right side

CANCEL

After selecting OK, the Launcher Detail page is displayed. On this page, there are options available to edit.

The following options pages are available:

- **Wallpaper:** Customize terminal desktop wallpaper with any image.
- **Desktop:** Manage the applications on the terminal desktop.
- **Kiosk Mode:** When enabled, use as a self-service device.
- **Store Icon:** Customize the icon and name of the Store Client app as required.
- **Settings:** Customize the options in the System Settings.
- **Quick Settings:** Customize the options in the Quick Settings and Notifications Center.
- **Language Bar:** Allows users to switch languages, useful for self-service devices.

1.4.3 WALLPAPER

Customize your terminal desktop wallpaper with any image. The recommended image size is 2000px x 2000px, maximum file size is 5MB.

Select: **[Wallpaper]** > **[Enable]** > Upload the wallpaper image > **[SAVE]**.

Customize your terminal desktop wallpaper with any image

Recommend size is 2000px * 2000px, maximum file size is 5MB

1.4.7 SETTINGS

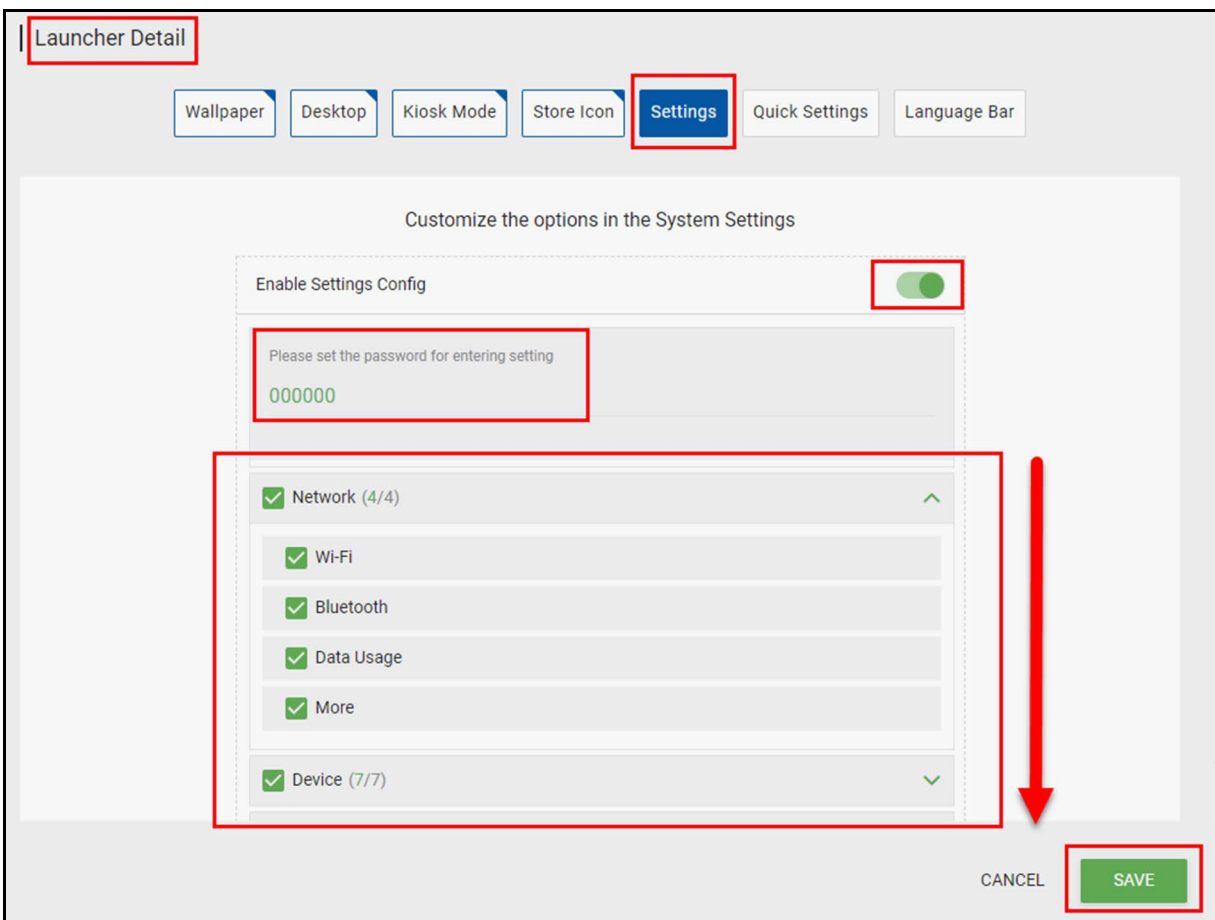

In this option, customize the System Settings. Enable or disable the Settings option. When enabled, enable or disable System Settings. This option requires creating a password for entering the settings.

The following System Settings are included:

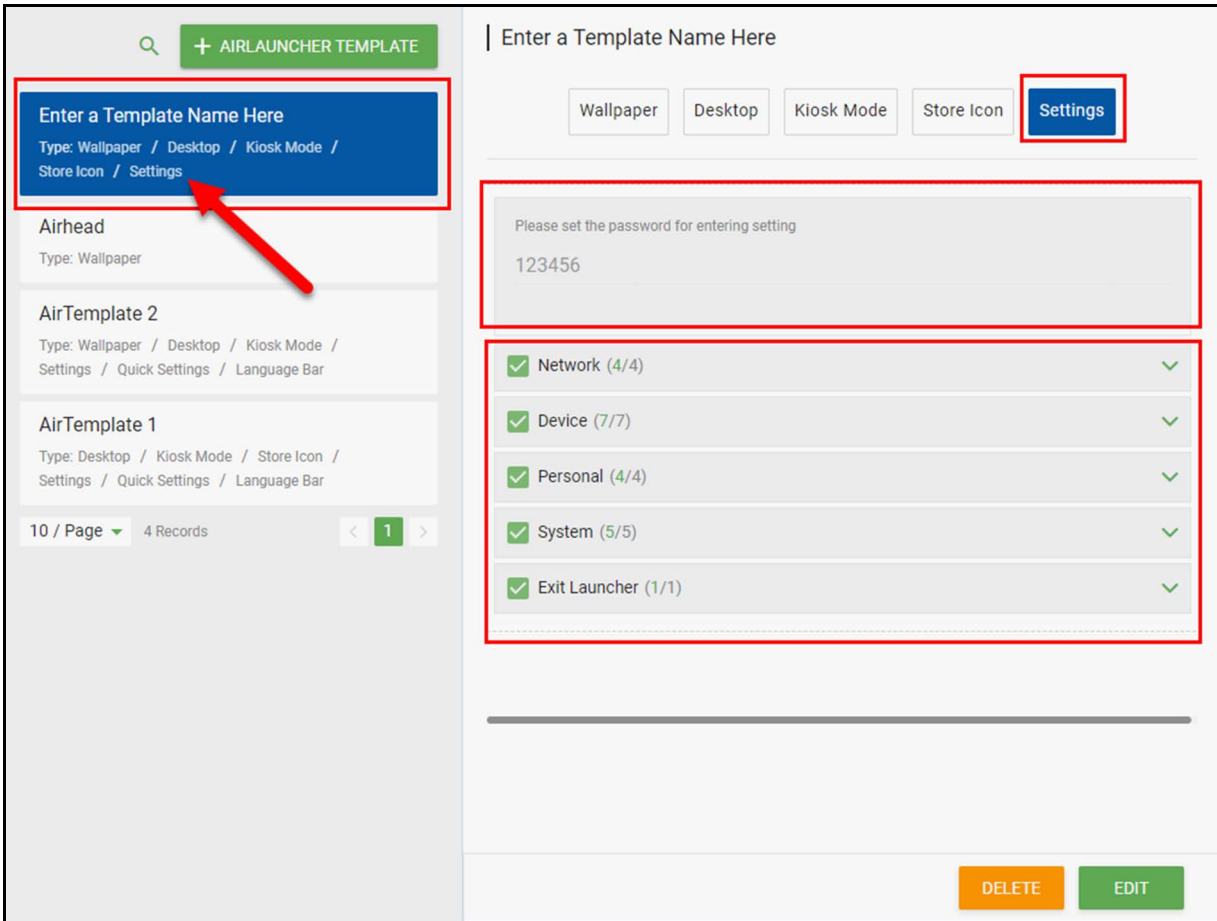

- Network
 - Wi-Fi
 - Bluetooth®
 - Data Usage
 - More
- Device
 - Display
 - Sound
 - Notification
 - Storage
 - Battery
 - Memory
 - Apps
- Personal
 - Location

- Security
- Language & Input
- Backup & Reset
- System
 - Date and Time
 - Accessibility
 - System Update
 - About Device
 - About Software
- Exit Launcher
 - Exit Launcher

From the **Launcher Detail** > **[Settings]** > Enable Settings Config **[Enable]** > **[Enter a 6-digit numeric password for entering Settings]** > **[Configure Settings]** > **[SAVE]** to save settings.

A successfully saved Store Icon will be displayed in [Template] > [AirLauncher] > [AirLauncher Template File Name] > [Settings]. The configured option will be listed in the Template File.

The screenshot displays the AirLauncher Template management interface. On the left sidebar, there is a search icon and a '+ AIRLAUNCHER TEMPLATE' button. Below this, a card titled 'Enter a Template Name Here' is highlighted with a red box. This card lists navigation options: 'Type: Wallpaper / Desktop / Kiosk Mode / Store Icon / Settings'. A red arrow points to the 'Settings' link. Below the card are three template cards: 'Airhead' (Type: Wallpaper), 'AirTemplate 2' (Type: Wallpaper / Desktop / Kiosk Mode / Settings / Quick Settings / Language Bar), and 'AirTemplate 1' (Type: Desktop / Kiosk Mode / Store Icon / Settings / Quick Settings / Language Bar). At the bottom of the sidebar, there is a pagination control showing '10 / Page' and '4 Records'.

The main content area features a search bar 'Enter a Template Name Here' and a row of navigation tabs: 'Wallpaper', 'Desktop', 'Kiosk Mode', 'Store Icon', and 'Settings'. The 'Settings' tab is highlighted with a red box. Below the tabs, a red box highlights a password input field with the text 'Please set the password for entering setting' and the value '123456'. Below the password field, a red box highlights a list of settings, all of which are checked:

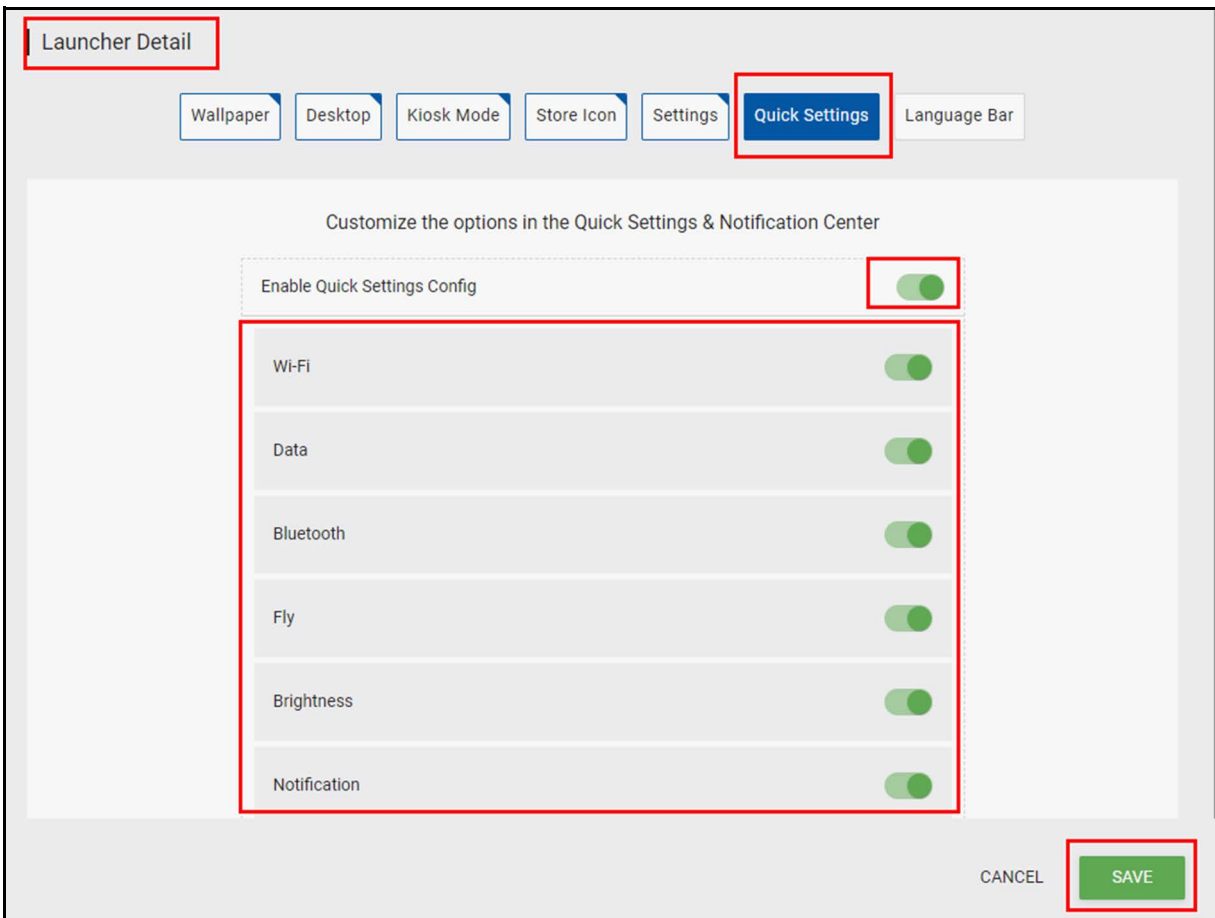

- Network (4/4)
- Device (7/7)
- Personal (4/4)
- System (5/5)
- Exit Launcher (1/1)

At the bottom right of the interface, there are two buttons: 'DELETE' (orange) and 'EDIT' (green).

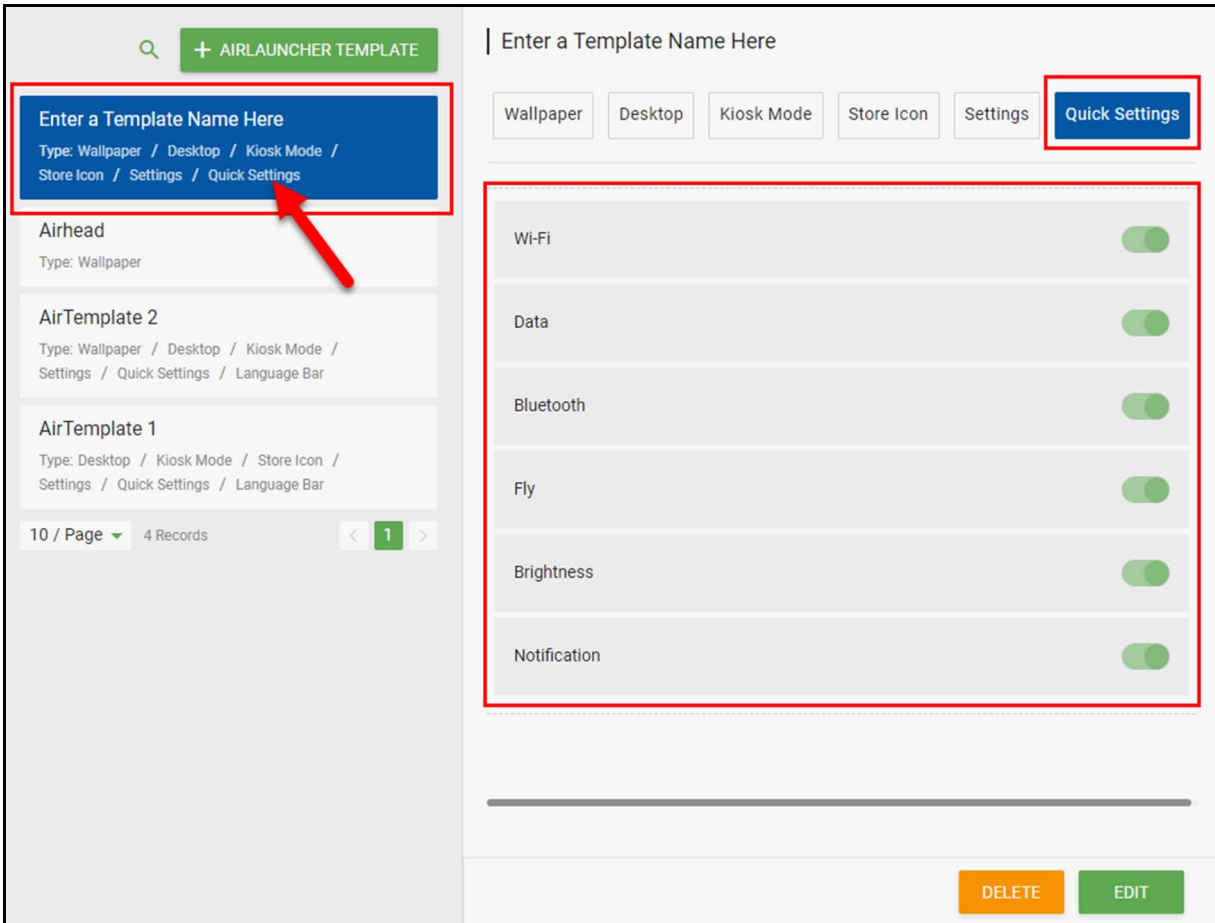

1.4.8 QUICK SETTINGS

Customize the options in the Quick Settings and Notification Center.

From the **Launcher Detail** > **[Quick Settings]** > Enable Quick Settings Config **[Enable]** > **[Configure Settings]** > **[SAVE]** to save settings.

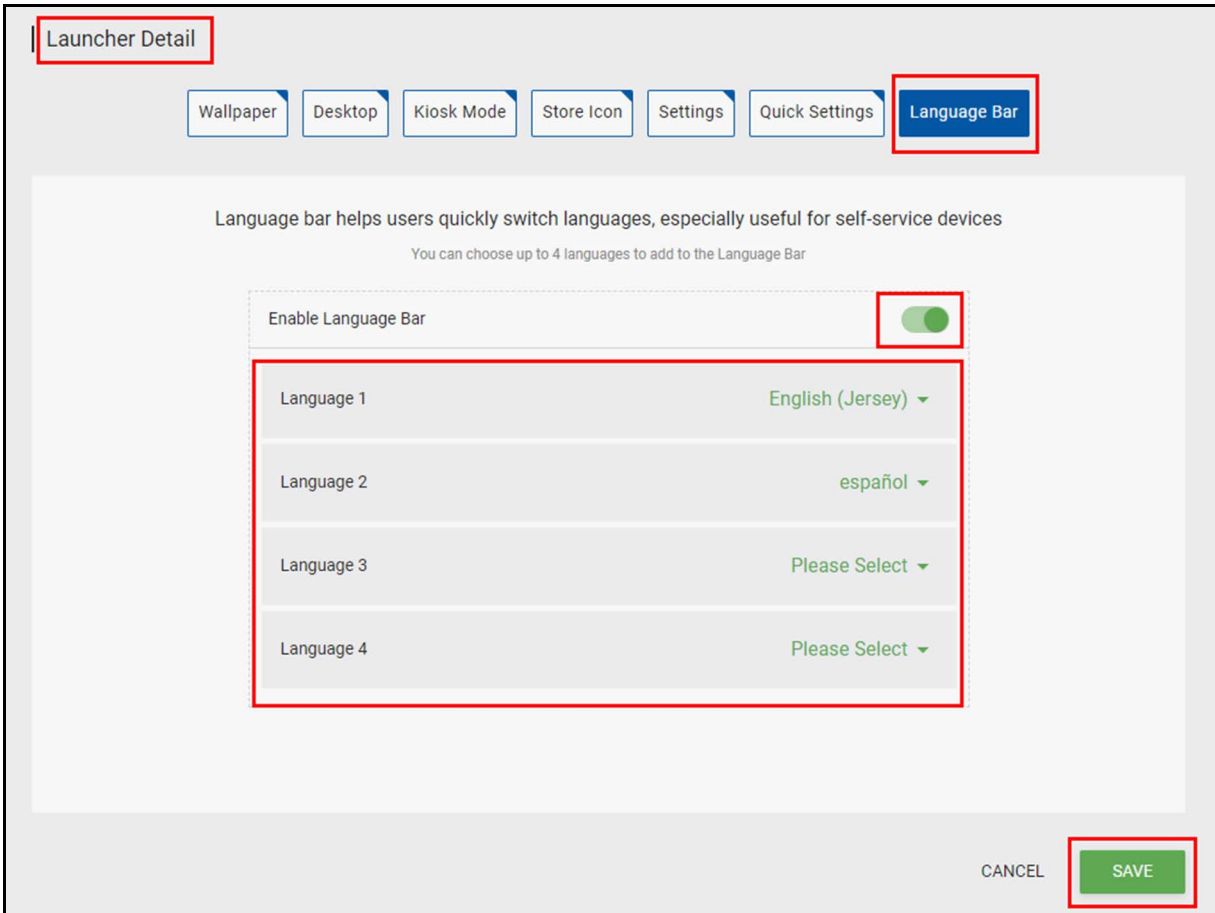

A successfully saved Store Icon will be displayed in [Template] > [AirLauncher] > [AirLauncher Template File Name] > [Quick Settings]. The configured option will be listed in the Template File.

1.4.9 LANGUAGE BAR

The Language Bar helps device users quickly switch languages, especially for self-service terminals.

From the **Launcher Detail** > **[Language Bar]** > Enable Language Bar **[Enable]** > **[Configure Settings]** > **[SAVE]** to save settings.

Language 4	Please Select ▾

CANCEL **SAVE**

A successfully saved Store Icon will be displayed in [Template] > [AirLauncher] > [AirLauncher Template File Name] > [Language Bar]. The configured option will be listed in the Template File.

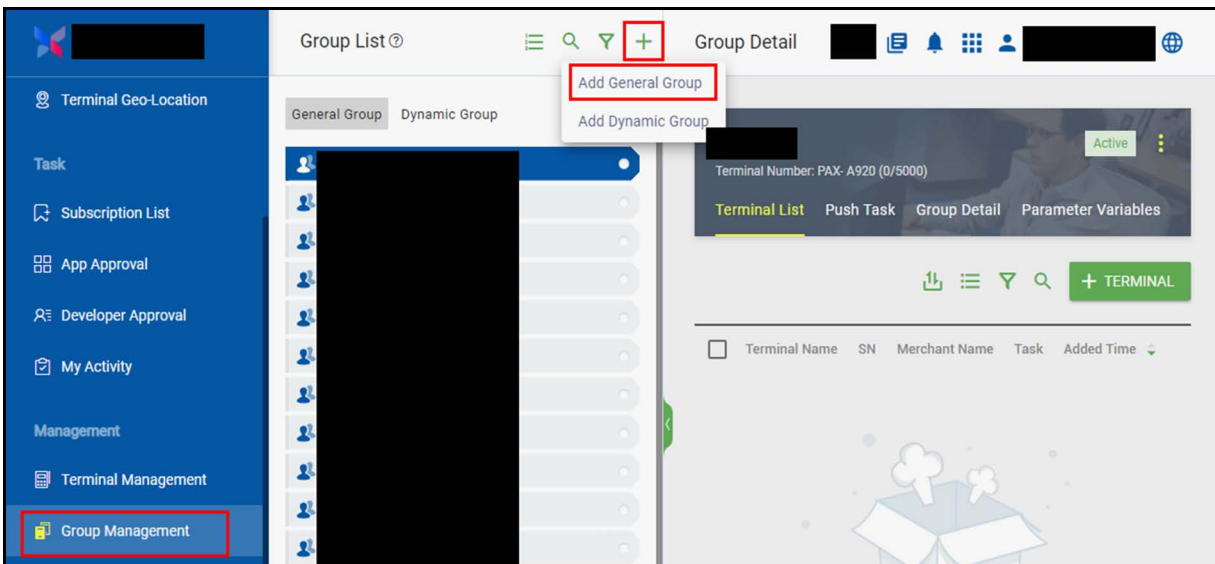

The screenshot displays the AirLauncher Template configuration interface. On the left, a list of templates is shown, including 'Airhead', 'AirTemplate 2', and 'AirTemplate 1'. The 'AirTemplate 1' entry is selected, and its details are shown below, including a 'Language Bar' link. On the right, the configuration panel for the selected template is displayed. The 'Language Bar' option is highlighted with a red box, and a red arrow points from the 'Language Bar' link in the template details to this option. The configuration panel also shows a table with two rows: 'Language 1' with 'English (Jersey)' and 'Language 2' with 'español'. At the bottom right, there are 'DELETE' and 'EDIT' buttons.

1.4.10 NEW GROUP MANAGEMENT FEATURE - PUSH LAUNCHER

A new Marketplace Owner and Reseller Admin level feature has been added to Group Management called Push Launcher to support pushing AirLauncher templates. The Push Launcher is supported in both General Group and Dynamic Groups. This section will cover how to push a General Group AirLauncher Template.

Create a New General Group

Select: [Group Management] > [+] > [Add General Group] >

After selecting the Add General Group a Create General Group pop up window will display. Four required fields that must be completed, and check the Activate Group box if the Group is ready for activation. Select OK to save settings.

Please complete the following fields:

- **Group Name:** Create a short name that best describes the group.
- **Manufacturer:** Select the device manufacturer from the drop-down list.
- **Model:** Select the device model from the drop-down list.
- **Reseller:** Select the Marketplace reseller from the drop-down list.
- **Description:** Optional field - Provide a detailed description of the group.
- **Activate Group:** Select the check box if the group is ready to be activated.
- **OK:** Select OK if the Group information is ready to be saved.
- **CANCEL:** Select CANCEL to cancel all information and cancel the create group.

Steps: [Create Group Name] > [Select Manufacturer] > [Select Model] > [Select Reseller] > [Create Description] > [Activate Group] > [OK].

Creating a Group Push Task

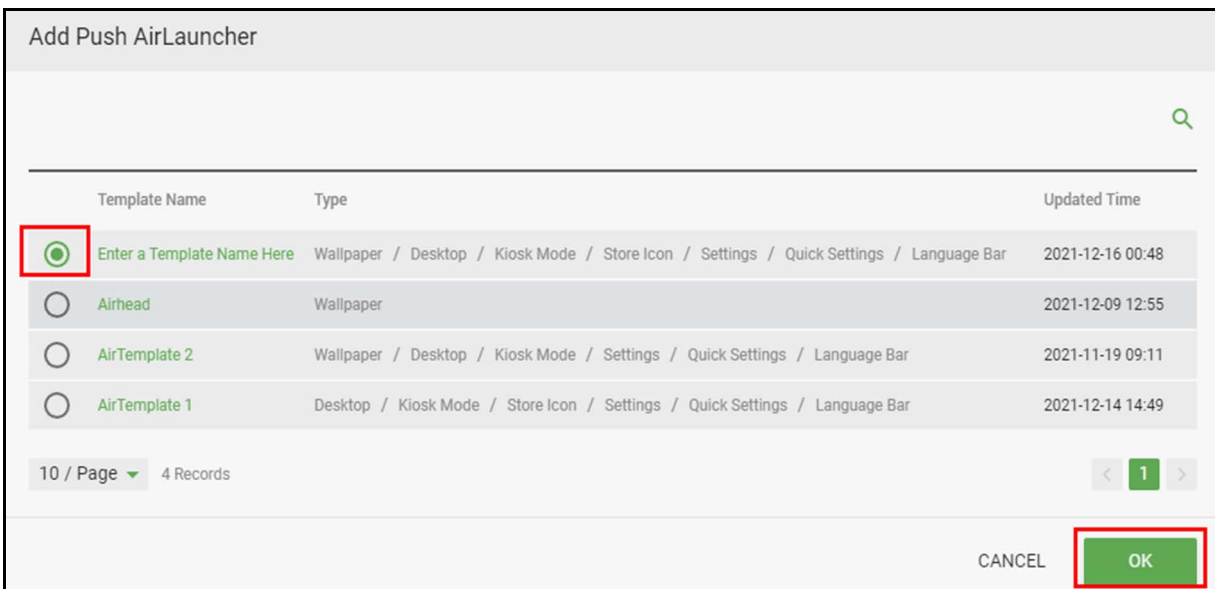

When initiated the Push Task will push the AirLauncher template to the terminals within the Group at the time and date setup in the Push Task.

Select: **[Group Management] > General Group > [General Group Name] > [Push Task] > [+ LAUNCHER] >**

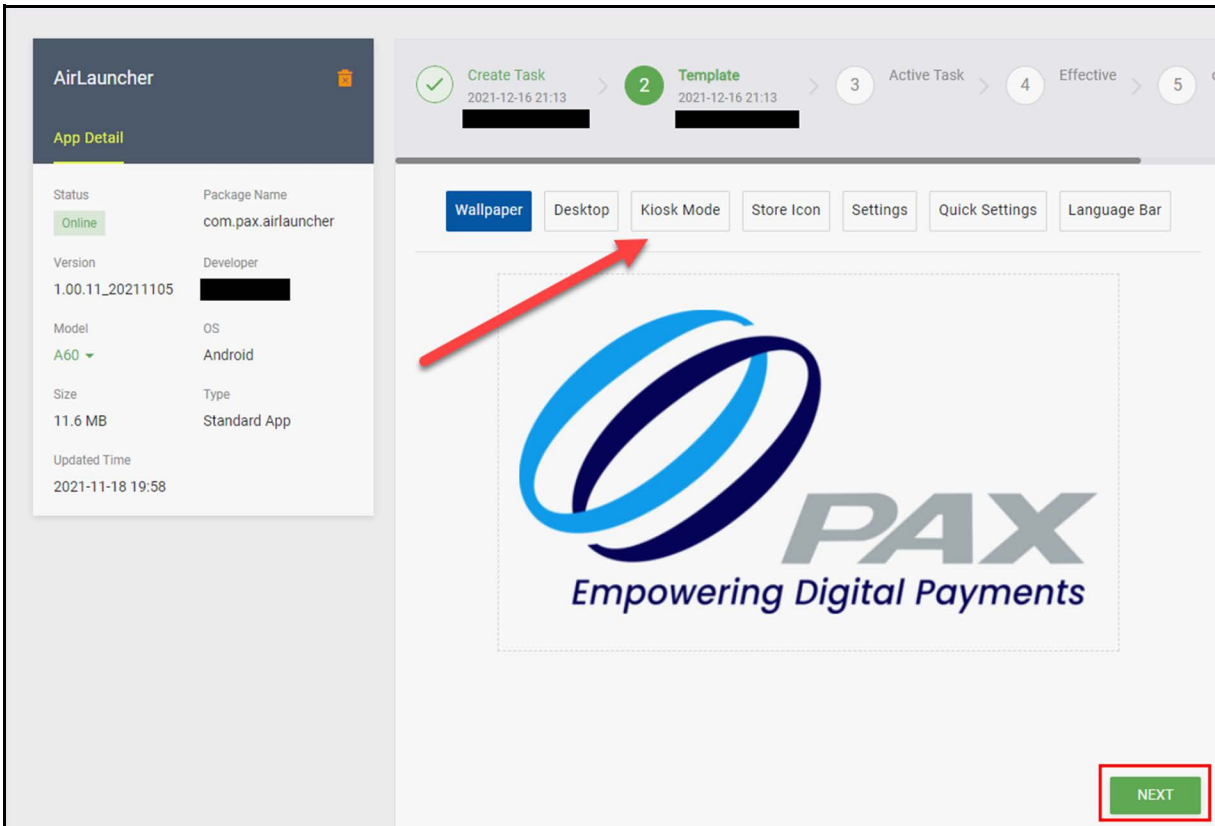

After selecting **+ LAUNCHER**, a pop-up window Add Push AirLauncher will display.

Select: Desired **[AirLauncher Template]** > **[OK]** to save.

After selecting **OK**, the Template page will display. Here it is possible to view options to the Template.

Select: **[NEXT]** to move to the Push Configuration step.

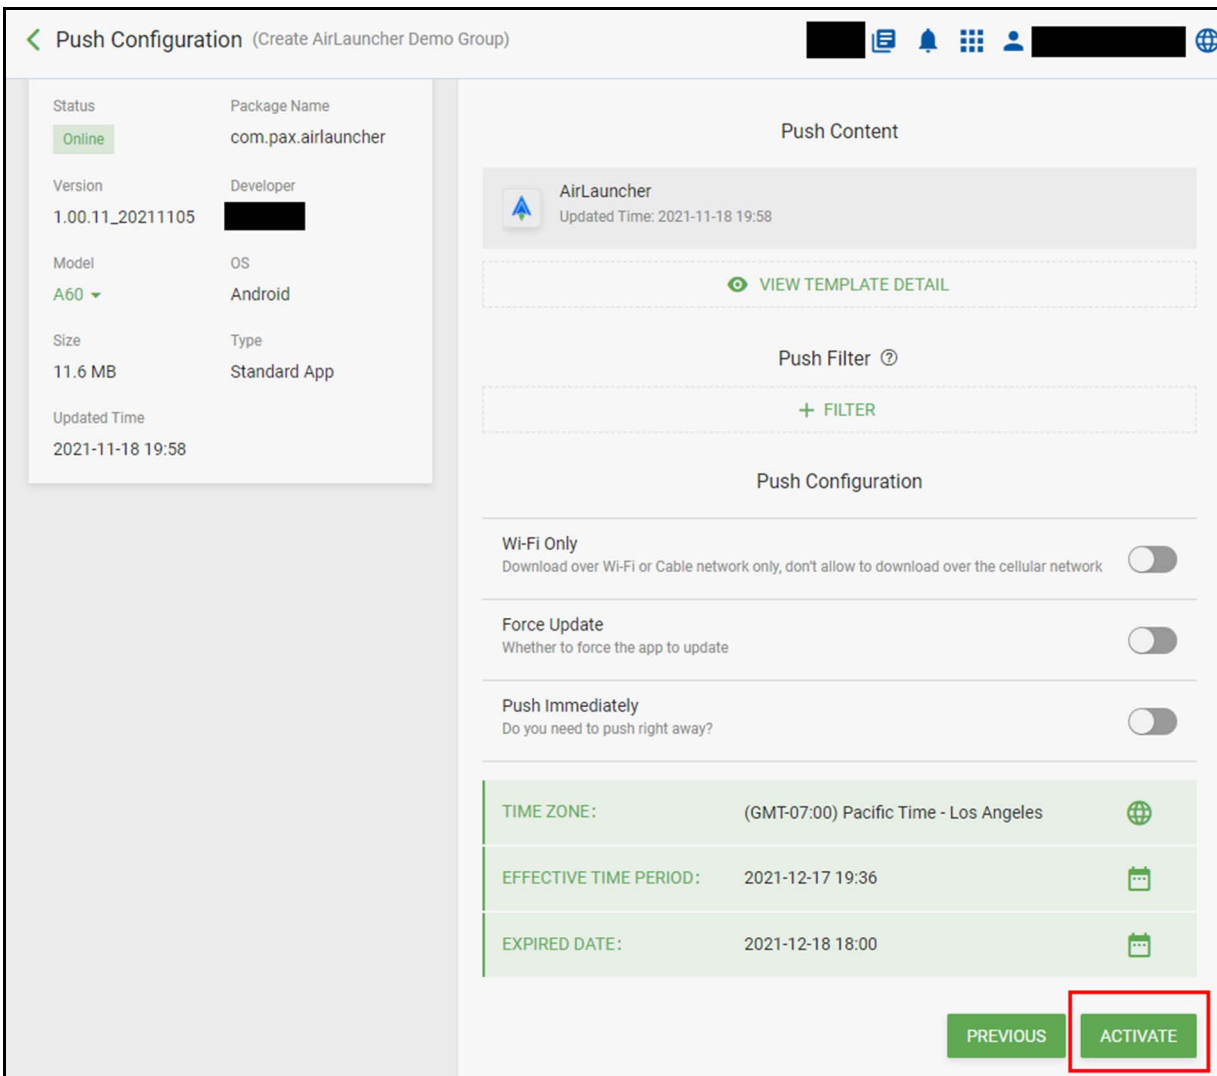

After selecting **NEXT**, the Push Configuration page is displayed. The Push Configuration page is where the filters can be configured, the time when the push can occur and to activate the push.

It is possible to configure the AirLauncher Group Push by the following:

- Push Filter
 - Application Version
 - Firmware Version
 - Modem Package Version
 - Terminal Activation Time
 - Merchant Type
 - Method / App Version
 - Equal To
 - Not Equal To
 - Before

- After
- **Wi-Fi Only:** Only download over Wi-Fi or Cable network. Don't allow over cellular.
- **Force Update:** Force application download
- **Push Immediately:** Download immediately
- **Time/Date:** Configure a future date and time for Push
 - Time Zone
 - Effective Time Period/Time
 - Expired Date/Time

Select: **[ACTIVATE]** to activate the PUSH.

1.4.11 HOW TO UNSUBSCRIBE FROM AIRLAUNCHER

This section covers how to unsubscribe from the AirLauncher service.

Note: Unsubscribing AirLauncher does not remove existing AirLauncher Templates or Groups.

Select: **[Service Center]** > Subscribed Services > **[AirLauncher]** > **[Options Icon 3 dots]**

The screenshot shows the 'Subscribed Services' section on the left, with 'AirLauncher' selected. The main dashboard for AirLauncher is visible, showing a 'Free trial until 2022-02-28' banner, a 'Dashboard' with '1 Applied Terminals' and '0 Applied Terminals by Last Month', and a 'Reseller List' table. A dropdown menu is open from the top right, with 'Unsubscribe' highlighted.

#	Reseller	Applied Terminals	Applied Terminals By Last Month	Action
1	TEST RESELLER	1	0	 

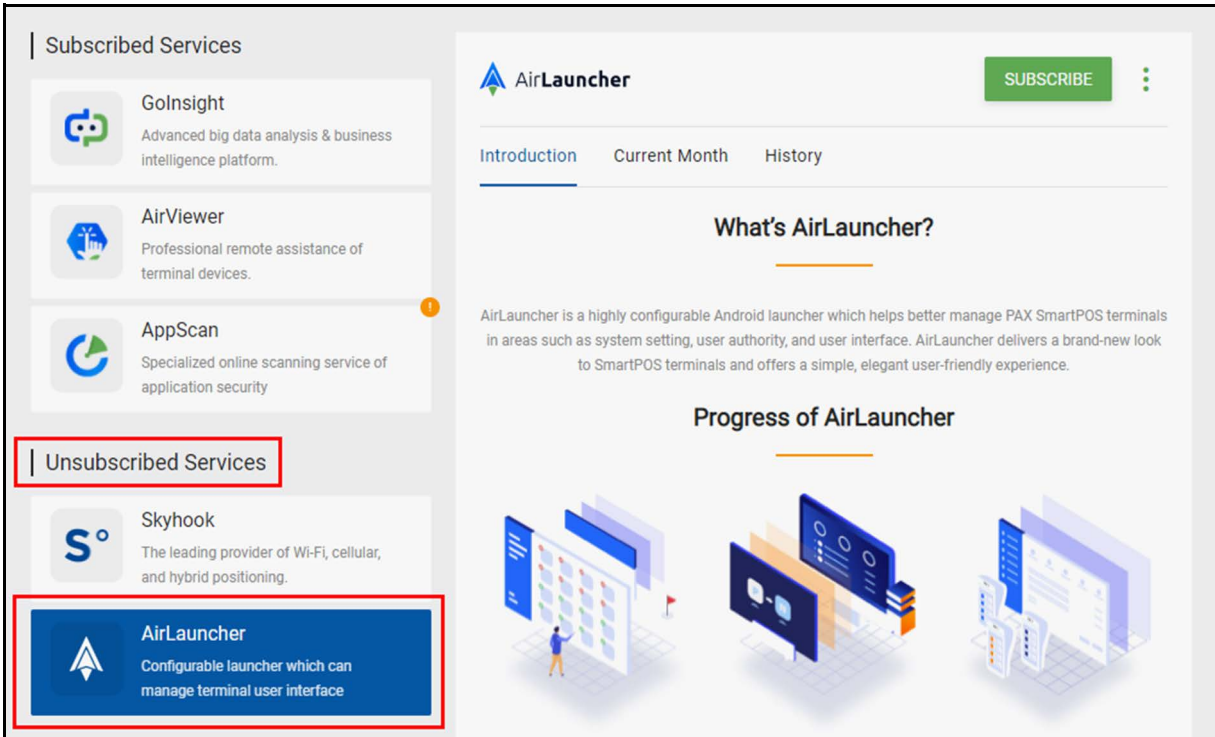

After selecting the Unsubscribe option, a pop-up window will display to confirm.

> **[Enter the verification code]** > **[OK]**.

The dialog box is titled 'Unsubscribe Service'. It contains the following text: 'You are going to unsubscribe the 'AirLauncher' service. After unsubscribed, this service will be unavailable.' Below this text is a 'Verification Code' field with a captcha image showing 'ZWRGZ'. At the bottom right, there are 'CANCEL' and 'OK' buttons, with 'OK' highlighted by a red box.

A successfully unsubscribed AirLauncher will be displayed in **[Service Center] > Unsubscribed Services > [AirLauncher]**.

The screenshot displays the PAXSTORE service center interface. On the left, a sidebar lists services under 'Subscribed Services' (GoInsight, AirViewer, AppScan) and 'Unsubscribed Services' (Skyhook, AirLauncher). The 'AirLauncher' service is highlighted with a red box. The main content area shows the 'AirLauncher' service details page, which includes a 'SUBSCRIBE' button, navigation tabs for 'Introduction', 'Current Month', and 'History', and a section titled 'What's AirLauncher?' with a description and 'Progress of AirLauncher' section with 3D illustrations of terminal screens.
